

ANIL ASHOK SHEVKAR

SAP ABAP Consultant

Pune, Maharashtra, India | +91 8275609045 | anilshevkar1826@gmail.com | LinkedIn

PROFESSIONAL SUMMARY

SAP ABAP Developer with hands-on training and project experience in custom report development, enhancements, Smart Forms, Module Pool programming, and data migration. Proficient in ALV Reports, BDC, BAPIs, User Exits, BADIs, and ABAP performance optimization. Currently advancing in OData Services, SAP Gateway, CDS Views, RFC integrations, and S/4HANA — directly aligned with enterprise digital transformation initiatives. Holds functional awareness of SAP MM, SD, and FICO modules for effective cross-functional collaboration. Seeking to grow as a SAP ABAP Consultant and contribute to Fiori-integrated, scalable SAP solutions.

CORE TECHNICAL SKILLS

ABAP Development: Classical Reports, Interactive Reports, ALV Reports (Simple, Interactive, Blocked, Hierarchical)

Enhancements: User Exits, Customer Exits, BADIs, Enhancement Points, Implicit & Explicit Enhancements

Forms & UI: Smart Forms with Driver Programs, Module Pool Programming (Tabstrips, Table Controls, GUI Elements)

Data Dictionary: Tables, Domains, Data Elements, Structures, Views, Search Helps, Table Maintenance Generator

Data Migration: BDC – Session Method & Call Transaction

Integration: BAPIs, RFC Function Modules (Learning), IDoc Configuration & Custom IDocs (Learning)

OData & Fiori: OData Service creation & consumption via SAP Gateway; SAP Fiori integration (Basic Exposure)

CDS Views: Core Data Services for data modeling and analytical reporting in S/4HANA

Performance Tuning: Efficient SELECT queries, secondary indexes, modularization, code optimization techniques

SAP Platforms: SAP R/3, SAP ECC 7.04; S/4HANA migration basics (currently learning)

Functional Awareness: SAP MM, SD, FICO – process flow understanding to support ABAP development tasks

TRAINING PROJECTS & HANDS-ON EXPERIENCE

SAP ABAP Developer – Training & Real-Time Projects

2024 – Present

Self-Directed SAP Training (ECC 7.04 / S/4HANA Environment) | Pune, India

- Designed and developed Classical & ALV Reports (Simple, Interactive, Blocked, Hierarchical) for real-time MM and SD business scenarios, applying performance optimization techniques.
- Built Smart Forms with customized layouts and driver programs for client order management, reducing manual document preparation effort.
- Developed Module Pool applications with Tabstrips, Table Controls, and GUI elements for interactive SAP user interfaces.
- Performed data migration activities using BDC Session Method and Call Transaction for high-volume batch data loads.
- Extended SAP standard functionality using User Exits, Customer Exits, BADIs, and Enhancement Points to address custom business requirements across MM, SD, and FICO scenarios.
- Applied ABAP performance optimization: efficient SELECT statements, secondary database indexes, and code modularization to improve program runtime.
- Currently configuring IDoc extensions, custom IDoc types, and RFC function modules for SAP integration scenarios.
- Developing OData services using SAP Gateway and integrating them with SAP Fiori applications; practicing CDS Views for simplified S/4HANA data modeling and reporting.

- Practiced BAPIs for standard SAP business object interaction and explored SAP NetWeaver Gateway configuration basics.

EDUCATION

Bachelor of Engineering – Production Engineering 2024
Amrutvahini College of Engineering, Pune University

Diploma – Mechanical Engineering 2020
Amrutvahini Polytechnic College

KEY COMPETENCIES & KEYWORDS

SAP ABAP Development • OData Services • SAP Gateway • SAP Fiori Integration • CDS Views • S/4HANA • ALV Reports • Smart Forms • Module Pool • User Exits • BADIs • Enhancement Framework • BDC Data Migration • BAPIs • RFC Integration • IDocs • Performance Tuning • SAP MM • SAP SD • SAP FICO • SAP ECC • SAP NetWeaver • ABAP Debugging • Agile Development

ADDITIONAL INFORMATION

Location: Kharadi, Pune, Maharashtra, India – Available for Hybrid Work

Languages: English, Hindi, Marathi

Work Style: Agile team environments, collaborative, detail-oriented, self-motivated learner

Soft Skills: Analytical Thinking, Debugging & Troubleshooting, Problem Solving, Communication, Collaboration

Availability: Immediate

I hereby declare that the information provided above is true and correct to the best of my knowledge.
